About VIGA

For over 20 years, VIGA has proudly provided high level of educational wooden toys to children around the world. Now you can find VIGA toys in nurseries, child care centers, airports, hospitals, dental waiting rooms and millions of family homes. They are highly recommended by school teachers and beloved by parents and children in more than 70 countries.

Our Mission

Our mission is to bring happiness to children through our creative educational toys. We believe PLAY is the instinct of every child. One of the best ways for a child to learn about the world is through playing. We hope more and more children can play VIGA toys to find their gifts, gain valuable life skills and enjoy as much happiness as possible in their childhood.

VIGA has deeply embedded a spirit of innovation within its brand DNA, consistently maintaining sensitivity to market trends and consumer demands. We continuously pursue technological advancements and propose solutions to most challenging problems. Over the years, VIGA's innovative atmosphere has gradually evolved into a brand culture that inspires everyone who works at VIGA. VIGA products have accumulated over 300 patents, and more than 20 international awards.

VIGA focuses on providing appropriate toys at the right time, fostering specific skills that enable children to continually acquire new knowledge, gain new experiences, and develop new abilities. Each VIGA toy contains multifunctional aspects of educational purpose, which are presented as **Toy Benefit Symbols**. The symbols are shown on the product packaging as guidance for teachers and parents as we believe these meaningful and useful symbols are the real value of VIGA toys for children.

In-house Production

Our factory covers an area of 20,000 m² with workshops, warehouse and office. It is equipped with a complete production process for wooden toys, which includes operations for log cutting, sanding, UV printing, electrostatic spraying, roller coating, and assembly and packaging.

All toys are crafted from high-quality wood and manufactured with meticulous attention to detail, utilizing safe, environmentally friendly, and non-toxic water-based paint. The factory is also equipped with a physical laboratory that conducts internal safety tests on products, regularly monitoring the quality of the final products to ensure compliance with global toy safety standards.

Sustainability

As a company dedicated to producing wooden toys for children, VIGA aims not only to bring joy to their lives but also to set an exemplary standard through our actions. We have made significant efforts to protect our green planet and preserve our natural environment.

Product Design

We prioritize the sustainability of product usage during our design process and employ the most eco-friendly manufacturing techniques.

VIGA factory is equipped with environmentally friendly and energy-efficient facilities, including solar panels, wastewater treatment systems, and centralized vacuum systems, aimed at minimizing environmental impact during the production process.

Facilities

We gained the FSC Chain of Custody Certification from the Forest Stewardship Council (FSC) since 2020. This certification is granted to companies that source wood from well-managed forests. A certified company is also audited for its inventory, manufacturing practices, sales, invoicing and record-keeping procedures.

LEARN FROM FUN

01 Wall Activity Panel

VIGA Wall Activity Panels are specifically designed for public environments, including kindergarten playrooms, play areas in supermarkets and airports, and hospital waiting rooms. These panels offer children engaging opportunities to learn foundational concepts such as colors, shapes, sounds, the alphabet, numbers, and essential life skills. Furthermore, they foster social development by teaching children the importance of sharing and collaborating with peers, enhancing their overall social skills in a communal setting.

02 Pretend Play

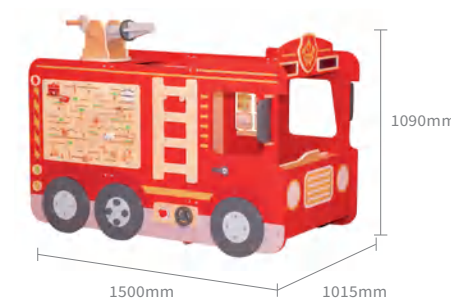

VIGA's range of pretend play is designed to inspire creativity and imagination in children, allowing them to explore various roles and scenarios. From kitchen sets and tool kits to dollhouses and play food, these durable toys encourage children to engage in storytelling and social interaction. As they mimic real-life situations, kids develop essential skills such as communication, problem-solving, and cooperation.

Play Corner & Kitchens

3+

44712 Super Fire Engine

Enjoy realistic firefighter experience and learn about basic fire safety with VIGA's Super Fire Engine! Super fun and educational role play corner that welcomes several little firefighters to work together and finish the rescue mission. A driver is needed to sit in to control the fire engine and ring the siren, while other firefighters are busy with water cannon, water hose, and other necessities, such as ladder, hammer, fire extinguisher, fire hydrant, etc. Most importantly, the firefighters need to find a way out of the rescue track maze. Comes with a storage compartment to store all loose parts.

Size: 1500 x 1050 x 1090 mm

44713 Firefighter Role Play Set (8 pcs)

Perfect addition to VIGA's Super Fire Engine, this role play set comes with 2 sets of firefighter costume and helmet, 2 walkie-talkies, a flashlight and a horn. The vest provides 2 pockets for little firefighters to store necessities while they are busy with rescue mission.

Size of firefighter costume: 410 x 455 mm

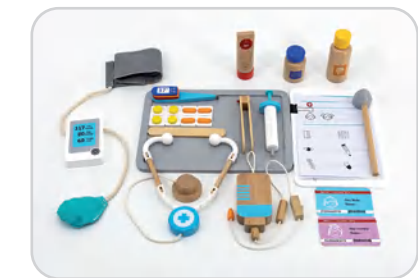

3+

44549 Medical Center

This engaging medical center allows children to step into the roles of doctors, nurses, and patients. The multi-sided design features 6 different areas for children to explore the medical world. The set includes realistic accessories such as a stethoscope, sphygmomanometer, reflex hammer, thermometer, X-ray film, injections, pills, and pill bottles, enhancing the play experience. Perfect for recreational fun, this toy helps children develop a sense of responsibility while learning about the roles and tools of healthcare professionals. It's especially beneficial for kids who may feel anxious about visiting the doctor, as it promotes understanding through self-play and parental guidance. This playset also encourages creativity and social skills, making it an ideal choice for imaginative play!

Size: 900 x 940 x 1100 mm

3+

44575 Little Doctor Uniform & Hat

Size: 380 x 600 mm

3+

44758 Super Ambulance

Explore the different roles in the ambulance service and learn basic first aid skills with VIGA's Super Ambulance! One can be an ambulance driver, taking control of the vehicle; or a call handler, answering calls using the wooden phone; or a paramedic, providing life-saving clinical care (with various provided medical tools) to patients (most likely to be a teddy bear!); or the emergency care assistant, assisting paramedic in treating wounds and fractures, controlling bleeding, etc. A stretcher (with wheels) is provided and can enter the ambulance via the back opening. Besides pretend playing as ambulance service team, children can play with track maze, explore human body structure (bone & organs) via acrylics, and learn first aid instructions for various medical emergencies, such as hand injuries, fever, choking, etc. A super entertaining and educational play center that encourages imaginative, nurturing, and empathetic play.

Size: 1500 x 1015 x 1090 mm

Box size: 160 x 150 x 42 mm

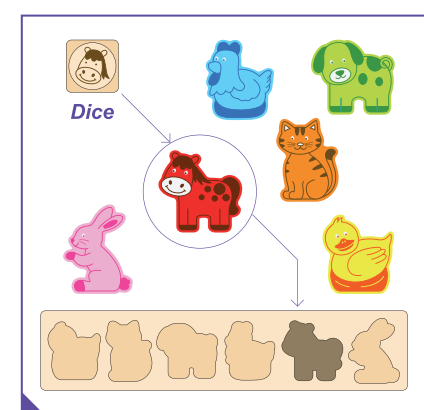

3+

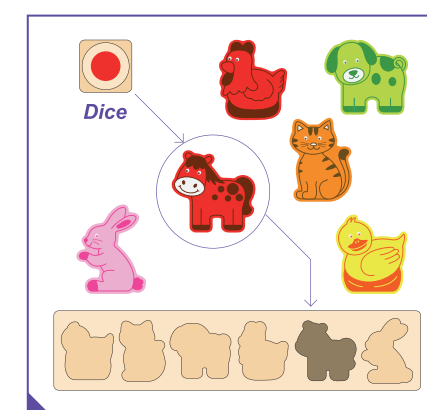

**50450 Wooden Game - Animal Carnival**

This game contains four wooden panels, 36pcs of animal blocks and two dices, made of high quality plywood and European beech wood. It helps to improve children's abilities to recognize different colors and animals, and to stimulate quick reaction as well as team-work abilities. Five or more different ways to play this game brings kids extra value and fun. Game guide is included.

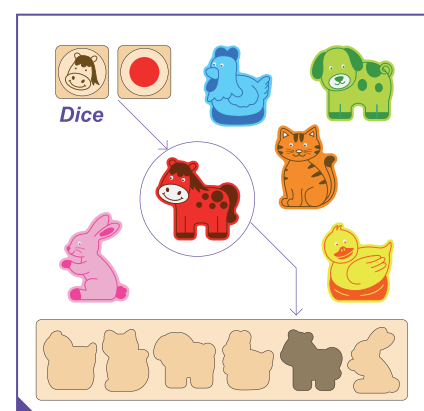

Box size: 320 x 210 x 45 mm

**1st Way: Matching Animals**

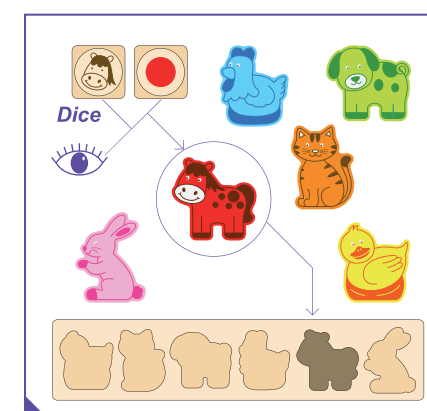

Play with only the animal dice. Take a corresponding animal block (any colour) to fit an animal shape hole on your plate.

**2nd Way: Matching Colors**

Play with only the colour dice. Take the block by colour according to the dice shown to fill the plate.

**3rd Way: Matching Both Animals and Colors**

Play with both dices. Throw both dices at same time, and take the correct animal block in correct colour according to the both dices shown. The animal block must fit the hole on your plate.

**4th Way: Smart Eyes & Good Luck**

Play with both dices and all 36 blocks. Throw both dices at same time by turn. Among all players, who finds the correct block first that matches the animal and colour dices in the block pool, who can take the block to fill the plate.

3+

44658 Touch and Find Game

This Touch and Find game includes 20 blocks, 20 game cards and a barrel, and can be played by one or more players.

Below are some instructions for different ways to play:

1. Look for it: Pick a game card, and try to pick out the block in the barrel without looking.
2. Guess: Randomly pick a block in the barrel and guess what it is without looking.
3. Matching game: Match the blocks to the game cards.
4. Sorting Game: Sort the blocks into categories.
5. Memory game: Take out 3 game cards, memorize the patterns, and then find the corresponding blocks from the barrel.

Great for enhancing fine motor skills and encouraging observation and concentration development.

Bucket size: 155 x 155 x 150 mm

3+

44651 Quick Response Game

This game of visual speed and quick response is the ideal social game for friends and family. 27 wooden chips and 3 dices are included. Roll 3 dices and find the animal with the correct combination. Look closely and find quickly!

Develop sensory perception, pattern recognition and hand-eye coordination skills in young children.

Box size: 210 x 190 x 45 mm

189

3+

44660 Peacock Colour Matching Game

This colour matching game includes 4 peacock boards, 2 dices, 36 colour chips, and 20 double-sided game cards.

By putting the corresponding colour chips on the peacock board according to the game card, it tests children's ability to read pictures and identify colours. When played between friends, each picks a game card, and places colour chip on the peacock according to the dice.

The player who first completes the pattern wins.

Great for enhancing colour recognition, hand-eye coordination and quick responses.

Size: 175 x 150 x 7 mm

190
